80cm

2 Sizes

HOW TO USE

Simply inflate the tube light using the pump, connect it to a power bank or power source, and it's ready to use instantly—a truly innovative design!

Air Pump Inflation Design
Inflation it as a tube light. Deflation for flexible light, makes it convenient for shaping and lighting design.

Lightweight & Portable
With a mere 40cm/129g and 80cm/185g in weight. Roll it and take it away.

OT40Bi - 5W / OT80Bi - 10W
- CRI 96+
- 5 levels of bi-color temperatures
- 10-level of brightness

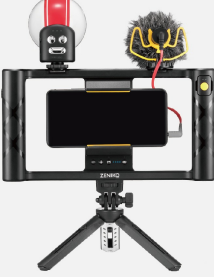

Strong Magnetic Back
Equipped with two N52 magnets, securely attach the tube light to any iron support or accessory.
